CREATING INDUSTRY STANDARDS WORLDWIDE

Uni-Spray Elevator-Lowerator Grippers, Chain and Carriers

Uni-Spray's high-quality grippers, made from cutting-edge thermoplastics, offer many benefits over standard rubber components.

Benefits include

1. Lightweight components that reduce the load on your conveyor and extend chain and drive life
2. FDA-approved materials that are more fungal resistant than conventional rubbers
3. Custom colour coding available on all parts
4. A selection of durometer and styles to suit your product requirements
5. High-performance plastic flights for improved wear
6. Assembly in 10' rolls available, with stainless Diamond chain (made in America) and solid roller.
